

*East Bay Foreign Language Project  
Berkeley Language Center  
University of California, Berkeley*

Dear World Language and Technology Enthusiasts,

The Team members of the East Bay Foreign Language Project are delighted that you will be joining us for the professional development program, "*Integrating 21st Century Technology into the World Language Classroom*," on June 21, 22, and 23.

Our first day will begin for all participants at 8:30, Tuesday, June 21, at UC Berkeley in Dwinelle Hall, Computer Lab, B – 3, (located on B level in the south wing of the building). You'll find a campus map at <http://berkeley.edu/map/>. EBFLP will provide a light breakfast every day from 8:15 to 8:30, and we will begin promptly at 8:30. Each day will end at 3:30. You will have an hour for lunch. You can bring your own lunch and relax on one of the many benches around Cal's campus or you can purchase lunch at one of several cafés on campus or at a nearby restaurant.

All of the computers in the lab are PCs; however all of the instruction applies to both Mac and PC. If you prefer, you may bring your own wireless laptop (PC or Mac) and we will provide you with a log-in and password to the internet.

*We will be using the wiki EBFLP World during the Technology course. If you are already a member because you've taken EBFLP courses, please confirm that you can sign in. If you aren't a member or can't sign in, please go to <http://ebflpworld.pbworks.com> to either request access or reset your password. If you are requesting access, please include in your message that you are enrolled in EBFLP Technology. Let me know if you have any problems.*

We highly recommend that you use public transportation or carpool as public parking is expensive. The downtown Berkeley BART station is within easy walking distance of campus, and there are AC Transit bus lines (<http://transit.511.org/>) that serve the campus. There are 3 Berkeley public parking garages that are within walking distance: Allston Way Garage (2061 Allston Way), Center Street Garage (2025 Center Street), and Telegraph/Channing Garage (2450 Durant). For more information on transportation and public parking options, go to <http://pt.berkeley.edu/park/>

We are looking forward to working with you next week. Please contact me if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Gail S. Hetler".
